EDUCATION

Master in Game Design and Programming - C.E.I.

FullStack JAVA Bootcamp
- Talento Digital

Bachelor's Degree in Arts and Humanities - PUC Chile

LANGUAGES

Spanish (Native)
English (C2)

PROJECTS

Chromatic Battles Lead Programmer

- 2D color-matching tower defense/shooter.
- Architected core gameplay loop combining Tower Defense, Shooter, and Survival mechanics into a cohesive experience
- Designed and implemented **20+ enemy types** with unique AI creating dynamic difficulty progression
- Built **ScriptableObject-driven system** for weapons, power-ups, and enemies – enabling rapid content iteration and balancing
- Developed **lightweight JSON save system** preserving player progression and unlocks
- Implemented **color-matching mechanic** as the game's core identity, influencing both difficulty scaling and art style direction

LabRats Lead Programmer & UX/UI

- 4-player chaotic fighting game.
- Designed and implemented **fully customizable controls** for both keyboard and gamepad using Unity's Input System – supporting hot-swapping and disconnection recovery
- Developed **minimalist HUD and UI system** that communicates critical information without cluttering the action – crucial for fast-paced multiplayer

Oh My Madness! Lead Programmer

- Collectible card game for Android.
- Architected complete game systems from the ground up: card management, combat mechanics, UI interactions, and VFX animations
- Designed **mobile-optimized UI** for Android, ensuring responsive and intuitive player experience
- Managed **full development lifecycle** as technical lead – from prototyping to Play Store deployment

EXPERIENCE

Lead Programmer 2023 – 2026
Lions Roar Games

- Led technical development of **Oh My Madness!**

Lead Programmer & Producer 2023 – Present
NightWave Games

- Founder of the studio – established the company
- Architected core systems for "Chromatic Battles" and "LabRats"
- Produced and managed the full development lifecycle
- Led **"Chromatic Battles"** to major gaming events as FestiGame 2024, Expo EVA '25 and Lucca Comics & Games
